

HONORS THESIS INTENT FORM

Students who have participated in clinical or basic science research are eligible for graduation with *Thesis Honors*. This achievement is designated on the diploma and is recognized at the graduation ceremonies. Briefly, the requirements for Thesis Honors include compiling results or manuscript(s) into a short thesis that is orally defended to a faculty committee.

All students who have participated in research activities are encouraged to pursue thesis development, which can include registration for “Thesis Guidance” with their mentor during the spring semester before graduation. Please complete this form and submit as indicated below.

Guidelines for the thesis content are available at:
<https://dental.buffalo.edu/research/for-students/thesis-guidelines.html>.

Please contact the Student Research and Honors Committee for further details.

Student Name: _____ **Signature:** _____

Tentative Thesis Title: _____
