

2024 Summer Dental Research Program Required Documents

Submit completed application as a single PDF to
Dr. Lindsay Chakan (lindsavy@buffalo.edu)

Student Name (Last, First):

UB E-mail Address:

Mentor Name (Last, First):

UB E-mail Address:

Does the proposed work use vertebrate animals?

Yes No

If yes, an approved IACUC protocol is required prior to beginning work. Information on how to submit an application and required training can be found [here](#).

Does the proposed work involve human subjects or the use of data/charts from patients?

Yes No

If yes, it is necessary to have IRB approval or a statement from the IRB designating the work as “research not involving human subjects”. Information on how to submit an IRB application can be found [here](#) and information on required training can be found [here](#).

**** Please note that the IACUC and IRB applications may be lengthy and the approval process may take several months. Since it is a requirement that IRB/IACUC approval is in place before funding is awarded, we strongly encourage you to submit your application as early as possible. If you have questions about this process, please reach out to Dr. Keith Kirkwood, Senior Associate Dean for Research, or Drs. Camila Sabatini and Ding Xu, Co-Chairs of the Student Research and Honors Committee.*

Please verify that your proposal application is complete and include this checklist as the first page of your application:

Item	Included:
1. Completed Cover Sheet	
2. Specific Aims and Research Strategy (no more than 4 pages)	
3. References (1 page)	
4. Letter of Support from mentor listing resources (1 page)	
5. Mentor's CV or NIH Biosketch	
6. Student's CV or NIH Biosketch
