

American Association of Public Health Dentistry (AAPHD)

Club Purpose:

The AAPHD chapter aims to improve oral health by developing and supporting effective programs of oral health promotion and disease prevention.

Notable Events:

Lunch n' learns: held throughout the semester to help us learn about different topics in Public Health Dentistry

Virtual and In-Person Outreaches to Elementary Schools: These include educational programs, sealant applications, prophys, and temporary fillings on the children.

Indian Health Services Externship (Offered to 4th year members of AAPHD): Spend 8 clinic days at either the Irving, NY or Salamanca, NY sites and work with the dentists at the Indian Health Services. Mileage is reimbursed by the Indian Health Services.

Microcredential: All members of AAPHD have the opportunity to complete the Competency in Dental Public Health microcredential, which is an electronic badge added to your transcript that indicates your ability to understand and apply your knowledge about Dental Public Health. (Come see us at the club fair for more information)

Meetings:

General body meetings are held 1-2 times per semester via Zoom at times that should accommodate most of the students!

How to Join:

Come say hi to us at the club fair where we will have a sign-up sheet or you can send us a message on instagram (@aaphdub)
