

# ASDA Sustainability Committee

## Eboard/Chairs:

Brianna Yusiewicz (bmyusiew@buffalo.edu), Madelyn Ritter (maritter@buffalo.edu)

## Club Purpose:

*Reduce Reuse Recycle*

Our goal is to minimize waste and promote sustainable practices at the UB School of Dental Medicine as well as within the Buffalo community.

## Notable Initiatives:

- Mask recycling bins
- Reusable clinic gowns
- "Sustainability Kitchen" in basement student lounge
- "Sustainability Corner" in B30 for unused/lightly used lab supplies
- Lago Scrubs partnership

## Notable Events:

- **Environmental Clean-Ups:** Come on a walk with us in the local community or around campus to pick up trash. Our biggest clean up event will occur in honor of Earth Day.
- **Yoga and Plant Swaps:** For our plant lovers and yogis, we hold this event around finals as a de-stressor.
- **Clothing Collections/ Thrift Shop:** In the winter we will be collecting cold-weather accessories and coats to donate. In the spring we will have a pop-up thrift shop at the UB Fashion show to raise funds for our club.
- **Reusable Bag Painting:** We will collaborate with the art club to paint reusable canvas bags.

## How to Join:

Subscribe to our GroupMe! Contact Brianna or Maddy to be added.
